

Khouloud Ben Lazreg

Software Engineering Student | Full-Stack Development & Artificial Intelligence

Sousse, Tunisia | +216 29 595 442 | khouloudlazreg20@gmail.com
github.com/lzkhouloud23 | linkedin.com/in/khouloudbenlazreg

Profile

Software engineering student seeking an end-of-studies (PFE) internship in full-stack, mobile, data, or AI development. Experienced in building web platforms, dashboards, e-commerce solutions, mobile applications, and ML-based tools.

Professional Experience

Software Engineering Intern

Jul–Aug 2026

Delta Web — Sousse, Tunisia

- Designed and developed **Delta Insights**, an end-to-end Business Intelligence web platform providing secure, read-only access to a MySQL-based ERP database.
- Built a French conversational AI assistant for business data queries and automated weekly KPI reports, trends, and decision-ready insights.

Coach & Trainer

Sep 2025–Present

Declitech — Python, soft skills, entrepreneurship | Evening classes

- Teach Python through CodeCombat and lead practical workshops in communication, teamwork, and entrepreneurship for beginner learners.

Web Development Intern

Summer 2025

Devsync — React.js, JavaScript, REST APIs

- Developed an invoice-management application with reusable React components, structured forms, REST API integration, and full CRUD workflows.

Full-Stack Development Intern

Feb–May 2024

Schirmann International Trade — Spring Boot, Angular, MySQL

- Designed a wellness platform combining an online store, questionnaires, and appointment booking; implemented backend services and connected Angular interfaces to MySQL data models.

Freelance Web & Digital Services

2024–Present

Self-employed — WordPress, Shopify, landing pages, visual content

- Design responsive WordPress websites and conversion-focused Shopify landing pages for online businesses.
- Edit promotional videos and create product visuals with clean layouts and consistent brand presentation.

Customer Relations Officer

Jul–Aug 2022 &
2023

Poste Tunisienne — Customer service | Seasonal

- Managed customer requests, front-office support, and daily administrative interactions in a high-volume environment.

Leadership & Volunteering

Media Department Volunteer — TCPC 2025 | Media and event communications

Jul 4–5, 2025

Supported the Media Department during the Tunisian Collegiate Programming Contest at El Mouradi Club Kantaoui, Sousse.

Community Manager — ACM Club | École Polytechnique de Sousse

2024–2025

Managed club communications and promoted coding, competitive programming, and problem-solving activities to students.

Selected Projects

AI-Based Stress Detection Web Application | Python, scikit-learn, Flask

2024

- Built an end-to-end ML pipeline covering dataset upload, preprocessing, model training, prediction, and result visualization through Flask.

Full-Stack E-Commerce Platform | Java, Spring Boot, Angular, MySQL

Apr–Sep 2023

- Implemented product catalog, shopping cart, authentication, database design, and REST-based frontend–backend communication.

Full-Stack Management Application | Spring Boot, Angular, MySQL

2023–2024

- Built authentication, role management, dashboards, and structured CRUD workflows.

Mobile Applications | Flutter, Kotlin, REST APIs

2023–2024

- Developed responsive cross-platform and native Android interfaces with REST API integration.

Education

Engineering Degree in Software Engineering

2024–Present

École Polytechnique de Sousse, Tunisia | Engineering cycle in progress

Bachelor's Degree in Information and Communication Technologies

2021–2024

ISSAT Mahdia, Tunisia

Scientific Baccalaureate – Experimental Sciences

2021

Technical Skills

Programming	Java, Python, C, C++, C#, JavaScript, TypeScript, Dart, Kotlin
Web & Mobile	HTML, CSS, Angular, React.js, Spring Boot, Flask, Flutter, REST APIs, JSON
Data & AI	MySQL, SQL, scikit-learn, pandas, NumPy, Matplotlib, model training and deployment
Tools & Methods	Git, GitHub, VS Code, IntelliJ IDEA, Postman, Maven, OOP, MVC, Agile/Scrum, UML

Additional Training

Cybersecurity — Hotel Riviera | Web & Mobile Development — Microsoft Club, ESSTHS

Video Game Development — Morosoft Club | E-Commerce — Riadh Palms (2022) | Digital Marketing — Riadh Palms (2020)

Languages

Arabic (native) | French (fluent) | English (professional) | Spanish (intermediate) | German (A1)
