SUMMARY

Software Engineer with 3 years of experience at PwC delivering enterprise software solutions, combining full-stack development with SAP and cloud expertise. Skilled in Java, Spring Boot, JavaScript, Angular, React, Node.js, REST APIs, and SQL. Specialized in SAP S/4HANA and SAP BTP, with experience in security, integrations, deployments, and production support.

PROFESSIONAL EXPERIENCE

SAP Technical Consultant — PwC Tunisia Apr 2024 – Jun 2026

- Designed and administered custom security roles, user authorizations, and provisioning frameworks across SAP S/4HANA Public Cloud, BTP, Cloud ALM, IAS, and CBC.
- Configured secure BTP Destinations, communication systems, and automated cloud identity provisioning workflows using SAP Identity Authentication Service (IAS).
- Led cross-system incident resolution, directly diagnosing and fixing complex SAP Fiori application issues (catalogs, roles, services, and launchpad access) to minimize business impact.
- Monitored and orchestrated the Transport Management System across environments to ensure stable, compliant system deployments.

Guidewire Technical Consultant — PwC Tunisia Oct 2023– Mar 2024

- Managed end-to-end releases across environments using Guidewire Cloud Console and automated CI/CD pipelines (Bitbucket, TeamCity).
- Coordinated seamless code promotions across Dev, SIT, UAT, Non-Prod, and Production environments.
- Led release readiness reviews and managed strict go/no-go checkpoints to ensure deployment compliance.
- Proactively monitored production system health using Datadog via custom telemetry dashboards.

Full-stack Developer — Tabaani INC • Internship Feb 2023 – Jun 2023

- Developed the user interface design for the Tabaani Host Academy website.
- Developed the course enrollment functionality and implemented user progress tracking using appropriate metrics and data storage.
- Implemented administrator functionality for managing course content and user accounts.

EDUCATION

Engineering Degree in Software Engineering Ecole Supérieure Privée d'Ingénierie et de Technologies – ESPRIT Sep 2023 – Aug 2027	Bachelor's degree in Computer Engineering The Higher Institute of Information and Communication Technologies Sep 2020 – Jun 2023
---	--
